08:19 PM | Sylvia from Hexnode: Hi Cheverny! 🌟

I'm Sylvia from Hexnode, and I noticed you recently visited our Enterprise Device Management platform. Thank you for your interest!

I'm here to assist you and guide you through how Hexnode can meet your specific needs — whether it's enrolling devices, securing endpoints, or managing compliance.

One of my colleague also tried reaching out to you earlier, but it seems we may have missed you.

Please feel free to reply to this message with any questions or let me know a convenient time to connect.

Looking forward to hearing from you! 😊

Warm regards,

Sylvia S.
